

# **PRIORITY SEATING IS HERE!**

*Starting March 1, 2020 we are offering **Priority Seating**, an update to our seating policy that will make it easier for you to secure a table in advance.*

*We previously held about one third of our tables for reservations. We will now be able to offer **75% of our tables for Priority Seating up to 4 weeks in advance**. You can call for a table weekdays as well as weekends! (Please do not request tables through the website email.)*

*In return for your ability to get your table well in advance we are asking you for a little "wiggle room" on getting your party seated. Our goal with Priority Seating is to have the table ready for you at the time you are given. However, as has always been the case, when we can get you seated is largely driven by those who are dining before you. Occasionally there may be a short wait for your table but we will do our best to make sure it's only a matter of minutes. If you'll grant us this cushion you'll no longer have to wait until that day to see if you can get a table!*

*We appreciate your loyal patronage and your consideration in helping us to deliver what we expect will be a better experience for you!*

**Put POINT PHILLIPS HOTEL 610-837-1544**  
*into your phone contacts and call us **ANYTIME** you're thinking of coming to make sure your table will be ready for you!*
